SUBJECT PARCEL AERIALS:

PROPOSED SITE PLAN

STAFF ANALYSIS

The proposal is to allow for a Vietnam memorial in the place of an area that currently has landscaping. The proposal has very little impact on the site.

Staff supports the proposal.

STAFF RECOMMENDATION

Staff recommends that the Planning Board recommend that the City Council approve the Site Development Plan Amendment with the following conditions:

1. Revise the SDPA to require City of Marco Island building permits instead of City of Naples building permits.
2. Proposed light poles to stay a minimum of 6 feet from any play structure.
3. All trees proposed to be 12-14 feet, six-foot spread, three-inch caliper, 65-gallon minimum.
