JOB DESCRIPTION	
NUMBER	
001	<p><b>1. Permit Plans</b>                      Prepare a complete permit set of plans for the demolition of the existing boardwalk and the installation of the new Mobi-Mat walkway.</p> <p><b>2. Survey</b>                      Perform design and construction survey to support layout, grading, and permitting.</p> <p><b>3. Demolition and Clearing</b>                      -Remove the existing boardwalk, support pilings, and handicap ramp.                       Clear vegetation as needed and remove select Australian pines to accommodate the new walkway.                       Remove and properly dispose of all debris from the site.</p> <p><b>4. Earthwork and Grading</b>                       Purchase and deliver approximately 996 CY of fill.                       Place, compact, and grade the new walkway alignment for approximately 300 LF from the end of the paver brick to the existing handicap ramp on the beach.                       Construct a finished walking surface 10 feet wide with 4:1 side slopes, prepared for installation of the Mobi-Mat system.</p> <p><b>5. Erosion Control</b>                      Install approximately 700 LF of temporary silt fence.</p>
	<p><b>6. Landscaping</b>                      Landscape the new slopes with cordgrass or similar material, approximately 100 plants.</p> <p><b>7. Mobi-Mat Installation</b>                      Provide and install the Mobi-Mat walkway system.</p>
<b>\$347,750.00</b>
