## PROFESSIONAL EXPERIENCE

*Consulting PMO Senior Data Associate, PricewaterhouseCoopers*, Sarasota, FL November 2020 – June 2023  
*Compliance Analyst, PricewaterhouseCoopers (MBO Partners)*, Columbia, SC July 2020 – November 2020

- Developed robust Legal Risk Management governance and change management strategies that standardized cycle times; built out new data collection systems and processes for 250+ controls in ServiceNow while maintaining the data repository in the interim, preventing any data loss/error in the migration from Google Sheets and the legacy GRC tool; managed project finances, including budget maintenance and invoicing; conducted weekly internal presentations with the PwC Partner to provide project updates and address potential issues proactively; and crafted monthly presentations to provide key updates and metrics to client C-suite leaders, while in support of a Fortune 50 technology firm
- Led working sessions with C-suite leaders, developed presentations, and consolidated technological requirements on an aggressive timeline among other general project support while being part of the M&A Deals team in support of a Fortune 500 retailer split
- Supported internal strategy and transformation efforts, helping to manage 20+ initiatives while gathering requirements from MDs and Partners for new roles, processes, and global operationalization growth strategies, and executing deliverables (e.g., job descriptions, governance standards, robust dashboarding) to deliver KPI reporting and Talent/HR optimization
- Recruited, interviewed, and hired by PwC as a contractor to aid in the audit of a Fortune 100 banking, insurance, and financial services corporation; hired full time by PwC in November 2020, continuing with the same project
- Shared my workflow with the upper project management team at the end of my 2nd week on the project, who then used my insights to improve project procedure, leading to greater efficiencies and accuracy within the entire project team
- Promoted to a higher level auditor within 4 weeks as a result of consistently completing more than 4x the quota
- Managed 9 reviewers, providing them with instruction and feedback while continually doing analysis to determine which members of my team needed to be prioritized; 5 of the first 15 certified L1 reviewers came from my team of 9
- Utilized Excel to build multiple trackers/dashboards for the entire project team, creating a more consistent, more organized system to track productivity and accuracy at an individual, small group, and overall team level, reducing time spent analyzing individual daily output

*Consulting Analyst, Carver Peterson Consulting*, Chicago, IL June 2019 – January 2020

- Developed sales dashboards for the C-suite executives of multiple clients, leveraging Microsoft Excel and data visualization skills, for use in their weekly sales meetings
- Analyzed the data within client's CRM's, consolidating the information into slide decks as a part of CPC's Revenue Lifecycle Assessment final deliverable
- Researched the best technologies for small businesses based on personal market research to produce a client deliverable that acted as a guide for the client to determine which technology would best position them to achieve a streamlined sales pipeline. Deliverable went to client without edits from others at CPC

*Management Consulting Intern, Blue Canyon Partners, Inc.*, Evanston, IL January 2019 – March 2019

- Compiled personal market research into slide decks composed of market trends, industry business models, competitive landscapes, significant products, and other relevant information and data for various projects
- Developed strategies for future growth in the automotive industry, acquisitions by private equity firms, and growth in adjacent markets among other projects
- Created external interview guides to question a myriad of people along the supply chain in order to gain insight into the market's segmentation

*Chief Financial Officer, Electric Daze Productions, LLC.*, Evanston, IL February 2017 – December 2019

- Established financial accounts with banking institutions, created and collected invoices, developed long-term and event budgets, and conducted cost analyses to determine event and inventory pricing
- Coordinated the logistics for over 40 events and handled all tax documents and information
- Facilitated the purchase and consignment of audio and visual equipment with partners such as the Oklahoma City Thunder and the University of Washington
- Developed a marketing strategy and budget for student summer storage, generating \$15,000 of profit in 2 weeks
- Generated a 25% profit margin in the first 12 months, leading to a \$45,000 profit over this period
