No

**Do you currently hold public office?**

No

**Do you now serve, or have you ever served on a Collier County or City of Marco Island board or committee?**

No

## Qualifications

**Please list your community activities and positions held (Example: Civic clubs, neighborhood associations, etc.):**

I've participated as a founding member of the Young Professionals Organization in Green Bay, currently on the board of San Marco Residences, and currently a board member of Royal Marco Point 1.

**Why do you want to serve on a committee?**

I believe in making the communities that we work in and live in better places.

I have 30+ years of experience in a variety of businesses, including brick-and-mortar and online/digital businesses, and I believe that I can bring value to the community of Marco Island for both the residents and business owners.

Over the years, I've had to work with local government on issues ranging from building permits to parking permits, special event permits, parking issues, and more.

**What issues do you think should be addressed by this committee?**

Working to improve the parking and traffic issues in Olde Marco.

Working to understand where and why business owners struggle with permitting and other government-related issues, and how we can improve the processes for them and make the relationship between entrepreneurs and the city even better.

Better understand the challenges the island will face in the future and how we can be more forward-thinking to solve some of the challenges. Using technology and entrepreneurial thinking, I'm certain we can solve some of the challenges like parking and traffic, while being very resourceful.

I would love to meet with more local business owners who can share some of their current struggles or even past struggles working with the city and look for solutions that can be win for everyone.
