**Why do you want to serve on a committee?**

I love Marco Island's history, charm, unique ecosystem, and thriving community. I am passionate about preserving and enhancing its tropical character and natural beauty. As I have done in previous communities, I would be honored to actively participate in beautification efforts by serving on the Marco Island City Council Beautification Advisory Committee. My powerful organizational skills, positive leadership, and most importantly, my creative spirit, will inspire and guide my efforts to elevate Marco Island's God-given tropical beauty and preserve its charm for future generations.

**What issues do you think should be addressed by this committee?**

The Beautification Committee's purpose, goals, and mission statement are well-defined and will remain its guiding principles. However, the committee may soon have four new members and is losing a few key members who have served the maximum of eight years. Their knowledge and dedication will be challenging to replace. While I do not possess their local knowledge yet, I will be dedicated to the goals and mission of the committee. I look forward to being part of the collective that will be "advising the Marco Island City Council on beautifying the community in a way consistent with the tropical character and natural beauty of Marco Island."
