Sub Total: \$0.00

Misc: \$87,900.00

Surcharge: 0.00%

**TOTAL: \$87,900.00**

### Miscellaneous Charge Comments:

Here are the key details regarding field measurements and billing: Equipment & Data Recording: Meter Rental added to quote per client request. All records will be electronically recorded on field logs but will not be stored on the meter itself. Reporting Format: Reports will be provided in standard PDF format and basic Excel files. We will not be able to generate statistical analyses or alternative graphical reports. Field Time & Billing: Two staff members will be onsite for 16 hours per y. Due to the remote location, billing will be for a full day as we cannot schedule other projects on those days. Project schedule: 3 days per week, 48 hours per week, for 10 weeks = 480 total field hours. If there are changes in the number of days or events per day, a new quote will be required. Please let us know if you have any questions or if adjustments are needed.

Sincerely,

**Katie Strothman**

Laboratory Director
