Description of project (# of slips, boat lifts, deck square footage, etc.)

Collier County wants to install an extended finger dock and (1) pile supported boat lift for use by the Collier County Sheriff Office. The new finger dock extension will be 60± SF. The existing dock faces

Caxambas Pass. There is 245 feet of waterfront facing Caxambas Pass. An additional 110 feet faces

Smokehouse Creek. The existing dock is setback approximately 58 from adjacent west property line.

Zoning and Land Use

Property Subject	Zoning	Land Use	Protrusion of Existing Dock Facility
	P, Rec/Open/GC/ST	Park	25'
N	RMF-16	Condo; Eagle Cay	35'
S	RMF-16	Condo; Waters Edge	25'
E	RSF-3	Single Family; 1351	30'
W	N/A		

The following criteria, (pursuant to Ordinance 03-15) shall be used as a guide by staff in determining its recommendation to The City of Marco Island Planning Board in its decision to approve or deny a particular dock extension request. Please provide a **narrative** response to the listed criteria and/or questions. Attach additional pages if necessary.

1. Does the proposed boat docking facility meet the other standards (setbacks, height, etc.) set forth in Ordinance 03-?

Yes. The dock will have a elevation height = 4.2' NAVD. The corner of the new finger dock does not extend further than 30 feet from the edge of the seawall cap.

2. Is there sufficient water depth where the proposed vessel(s) is to be located (as a general guide, -4 feet mean low water is deemed to be sufficient) to allow for safe mooring of the vessel?

Yes. The water depth at the proposed location is approximately -8 to 10 feet NAVD.

3. Are there any special conditions related to the subject property or waterway which justify the proposed dimensions and location of the proposed boat docking facility?

Yes. The County holds a sovereign submerged lands lease which restricts the overall site plan. The arrangement of the slips has been modified to comply with the submerged state land lease. See attached leased drawing.

4. Does the proposed boat docking facility and moored vessel protrude greater than 25% of the width of the navigable waterway and is a minimum of 50% of the waterway width between dock structures/moored vessel(s) on the opposite side of the waterway maintained in order to ensure reasonable waterway width for navigability?

No.

5. Is the proposed dock of minimal dimensions necessary in order to adequately secure the moored vessel while providing reasonable access to the boat for routine maintenance without the use of excessive deck area?

Yes.

6. Is the proposed structure of minimal dimensions and located (designed) to minimize the impact of view to the channel by surrounding property owners?

Yes.

7. Is the moored vessel in excess of 50% of the length of the waterfrontage such that the addition of a dock structure will increase the impact on or negatively impact the view to the waterway by surrounding property owners? (In the case of multi-family developments and public marinas, the 50 percent provision may be exceeded).

No.

8. Will the proposed location and design of the boat docking facility and moored vessel(s) be such that it may infringe upon the use of neighboring properties, including any existing dock structures?

No.

10. Regarding existing benthic organisms in the vicinity of the proposed extension:

a. Are seagrasses located within 200 feet of the proposed dock?

No. See benthic report.

b. Is the proposed dock subject to the manatee protection requirements in Sec 10 of Ordinance 00-04?

Yes.

AFFIDAVIT

We/I, CCSO, on behalf of BOCC being first duly sworn, depose and say that we/I am/are the owners of the property described herein and which is the subject matter of the proposed hearing; that all the answers to the questions in this application, including the disclosure of interest information, all sketches, data, and other supplementary matter attached to and made a part of this application, are honest and true to the best of our knowledge and belief. We/I understand that the information requested on this application must be complete and accurate and that the content of this form, whether computer generated or City printed shall not be altered. Public hearings will not be advertised until this application is deemed complete, and all required information has been submitted. We/I hereby also consent to access to the subject property (excluding entering any home or other enclosed structure) by City of Marco Island staff members, Planning Board members, and/or Board or Zoning Appeals members for the limited purpose of evaluating, observing, or understanding the subject property conditions as they relate to the petition. While the petition is pending, Staff members, Planning Board members, or Board of Zoning Appeals members will be allowed access upon the property provided they display a Marco Island City Photo ID or a Valid Driver's License.

As property owner we/I further authorize APTIM, ATTN: Douglas Mann to act as our/my representative in any matters regarding this Petition.
