

City Manager – City Council Report May 18, 2026

Team Wins: Wins for the City Council, staff, our residents and the environment!

1. I'm pleased to share that we have hired a new Public Information Officer who started on May 11th. This is not a new position, but we reclassified an existing role in the police department to have a designated employee who will focus on press releases, social media, public education, and public outreach.
2. I will be in Orlando on May 29th to accept an award from the Florida City and County Management Association.
3. Attached to this report is a status update on the City Council's 2026 goals.
4. Attached to this report is a status update on my after-action reports to City Council dated March 2, 2026 – May 4, 2026. A previous status update was on the March 2nd agenda.
