4. **THE AGREEMENT SUM.**

The County shall pay the Contractor for the performance of this Agreement based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and pursuant to the Price Methodology in Section 4.1. Contractor's quoted prices for time and materials shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

The County shall pay the Contractor for the performance of this Agreement an estimated maximum amount of _____ (\$ _____), per County fiscal year, based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and the Price Methodology as defined in Section 4.1. Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

Lump Sum (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.

Time and Materials: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and not company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

12/20

Unit Price: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 **Travel and Reimbursable Expenses:** ~~Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **■ BONDS.**

- A. When a construction project is in excess of \$200,000, the Contractor(s) shall be required to provide Payment and Performance Bonds.
- B. When required by Owner, the Contractor shall furnish a Performance and/or Payment Bond prior to commencing performance, for the full amount of the Work, which shall act as a security guaranteeing the performance of the Contractor's work and the payment by the Contractor to any other party(ies) providing labor and/or materials in connection with each construction or renovation project performed by the Contractor. The bonds shall be furnished using the forms prescribed in Exhibit "C-1" and Exhibit "C-2".
- C. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business in the State of Florida, terminates or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5)

calendar days thereafter, substitute another bond and surety, both of which shall be subject to the Owner's approval.

23. **LIQUIDATED DAMAGES.** The "Commencement Date" shall be established in the Notice to Proceed to be issued by the Owner. Contractor shall commence the work within five (5) calendar days from the Commencement Date. No Work shall be performed at the Project site prior to the Commencement Date. Any Work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor.

The Work shall be substantially completed within the time specified in the Request for Quotation/Scope of Work. The date of substantial completion of the Work (or designated portions thereof) is the date certified by the Owner when construction is sufficiently complete, in accordance with the Contract Documents, so Owner can occupy or utilize the Work (or designated portions thereof) for the use for which it is intended. The Work shall reach final completion and be ready for final acceptance by Owner within the time specified in the Request for Quotation/Scope of Work.

Owner and Contractor recognize that since time is of the essence for any work under this Agreement, Owner will suffer financial loss if the Work is not substantially completed within the time specified in the Request for Quotation. Should Contractor fail to substantially complete the Work within the specified time period, Owner shall be entitled to assess as liquidated damages, but not as a penalty, the amount specified in the Request for Quotation/Scope of Work for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially completed on the date the Owner issues a Certificate of Substantial Completion pursuant to the terms hereof. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of contracting if Contractor fails to substantially complete the Work in a timely manner.

When any period of time is referenced by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

24. **PAYMENTS.** Generally, the Contractor will be paid upon completion; however, for Work in excess of thirty (30) days, the Contractor may request to receive Progress Payments. Subsequent to the first payment, Contractor must provide Owner with a fully executed Release and Affidavit in the form attached hereto as Exhibit "D" as a condition precedent to release of each progress payment. All applications for payment, whether for full payment or a progress payment shall be in writing, and in substantially the form attached hereto as Exhibit "E."
25. **PAYMENTS WITHHELD.** Owner may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, outstanding punchlist items, subsequently discovered evidence or subsequent inspections. The Owner may nullify the whole or any part of any approval for payment previously issued and Owner may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between Owner and Contractor,

to such extent as may be necessary in the Owner's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, Owner may, after three (3) days written notice, rectify the same at Contractor's expense. Owner also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to Owner, whether relating to or arising out of this Agreement or any other Agreement between Contractor and Owner.

26. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by Owner in advance.

27. **CONTRACT TIME AND TIME EXTENSIONS.**

- A. Time is of the essence in the performance of any Work under this Agreement and Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission by Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures as well as coordination of all portions of the Work under the Contract Documents, and the coordination of Owner's supplies and contractors.
- B. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of Nature or of the public enemy, acts of Government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Contractor shall notify the Owner in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.
- C. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which Owner may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from Owner. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against Owner will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage for Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

28. **CHANGES IN THE WORK.** Owner shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of Owner,

and Owner shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of Owner is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County's Procurement Ordinance and Procurement Procedures in effect at the time such modifications are authorized.

A Change Order in the form attached as Exhibit "F" to this Agreement, shall be issued and executed promptly after an Agreement is reached between Contractor and Owner concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount and Contract Time shall be adjusted in the Change Order in the manner as Owner and Contractor shall mutually agree.

29. **CLEAN UP.** Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.
30. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.
31. **TESTS AND INSPECTIONS.** If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.
32. **PROTECTION OF WORK.**
- A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.
 - B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.
 - C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

33. **EMERGENCIES.** In the event of any emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from Owner is obligated to act to prevent threatened damage, injury or loss. Contractor shall give the Owner written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby.

If the Owner determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations.

If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

34. **COMPLETION.** When the entire Work (or any portion thereof designated in writing by Owner) is ready for its intended use, Contractor shall notify Owner in writing that the entire Work (or such designated portion) is substantially complete and request that Owner issue a Certificate of Substantial Completion. Within a reasonable time thereafter, Owner and Contractor shall make an inspection of the Work (or designated portion thereof) to determine the status of completion. If Owner does not consider the Work (or designated portion) substantially complete, the Owner shall notify Contractor in writing giving the reasons therefor.

If Owner considers the Work (or designated portion) substantially complete, Owner shall prepare and deliver to Contractor a Certificate of Substantial Completion, Exhibit G, which shall fix the date of Substantial Completion for the entire Work (or designated portion thereof) and include a tentative punchlist of items to be completed or corrected by Contractor before final payment.

Owner shall have the right to exclude Contractor from the Work and Project site (or designated portions thereof) after the date of Substantial Completion, but Owner shall allow Contractor reasonable access to complete or correct items on the tentative punchlist.

Upon receipt of written certification by Contractor that the Work is completed in accordance with the Contract Documents and is ready for final inspection and acceptance, Owner will make such inspection and, if Owner finds the Work acceptable and fully performed under the Contract Documents, Owner shall promptly issue a Certificate of Final Completion, Exhibit H, recommending that on the basis of Owner's observations and inspections, and the Contractor's certification that the Work has been completed in accordance with the terms and conditions of the Contract Documents, that the entire balance found to be due Contractor is due and payable. Final payment shall not become due and payable until Contractor submits:

- A. The Release and Affidavit in the form attached as Exhibit "D."
- B. Consent of Surety (if applicable) to final payment.
- C. If required by Owner, other data establishing payment or satisfaction of all obligations, such as receipt, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by Owner.
- D. The warranty in the form attached as Exhibit "I".

Owner reserves the right to inspect the Work and make an independent determination as to the acceptability of the Work. Unless and until the Owner is completely satisfied, the final payment shall not become due and payable.

Invitation for Qualification (IFQ) # 21-7885 “Beach Maintenance Related Activities”

EXHIBIT A

SCOPE OF SERVICES

BACKGROUND

The purpose of this solicitation is to provide cleaning and other various beach and waterway services to County beaches and grounds in various nuisance situations such as seaweed, red tide, or fish kill events, and inlet sedimentation shoaling buildups that are beyond the capacity of County staff. The maintenance activities associated with this contract will include but not be limited to escarpment removal, beach tilling, debris removal, waterway channel cleanups, beach grading and “urgent” mechanical dredging events to shoaling channel inlets.

DETAILED SCOPE OF WORK

This Scope of Services is intended to provide the information by which Contractors may understand the requirements of Collier County relative to one (1) or more Contractors providing labor and equipment to perform maintenance activities on the beaches and waterways in Collier County including, but not limited to, Vanderbilt Beach, Park Shore, the City of Naples, and the City of Marco Island.

The County’s intent is to award to a pool of Contractors who meet the minimum criteria and qualifications. At a minimum awarded Contractor must possess a State of Florida General Contractor or Marine Contractor license. All work performed will meet or exceed County Utility Technical Standards, see link below:

<https://www.colliercountyfl.gov/your-government/divisions-f-r/public-utilities-planning-and-project-management/utilities-standards-manual>

The Contractor will provide beach maintenance consisting of, but not be limited to, the following:

1. ESCARPMENT REMOVAL:

The formation of ridges which interfere with marine turtle nesting or which exceed eighteen (18”) inches in height for a distance of one hundred (100’) feet or more shall be mechanically leveled to the natural beach contour. The use of a road grader is the preferred method for performing this function.

2. BEACH TILLING:

The Contractor may till the beach in preparation for sea turtle nesting seasons, and beach renourishment related project areas between the seaward edge of vegetation/seawall line and the mean high water line (approximate elevation, 1.7 NGVD) with equipment operated so as to penetrate and loosen beach sand (a) to a depth of twenty-four (24) to thirty-six (36”) inches and (b) laterally without leaving unloosened compacted sand between the adjacent paths of tines or penetrating part of the equipment. (Suitable equipment is Caterpillar D9L/No. 9 Adjustable Parallelogram Multishank Ripper, or equal or a combination of suitable equipment for the intended work.) Upon completion of any tilling, the beach shall be evenly dragged to remove any ruts created by the tilling process for a uniformed surface.

3. DEBRIS REMOVAL:

After certain storm events, it may be necessary to remove excess debris which cannot be removed by the routine beach cleaning operation. Debris removal will also include red-tide (fish kill) events. Such may involve the use of front-end loaders (w/root rake), backhoes, skidders, dump trucks and labor as required.

4. BEACH GRADING:

Following activities such as debris removal, it may be necessary to perform certain beach grading to remove tire ruts and restore changes to the natural beach contour as a result of those activities. The use of a large box blade (minimum width of twelve (12) feet) or other similar equipment is preferred for performing this function.

5. CHANNEL & WATERWAYS:

Invitation for Qualification (IFQ) # 21-7885 "Beach Maintenance Related Activities"

In storm related events, such as red tide (fish kills) or other related catastrophes of any sort, there are instances where county staff cannot provide the level of required services to remove debris, the Contractor shall provide the required labor and equipment to assist as needed to remove debris and dead fish kill.

6. **MECHANICAL "URGENT" DREDGING:**

There are occasions when large accumulation of sedimentation buildup and shoaling will occur during storm events at the mouth of channel inlets causing restricted navigational conditions and boats running aground; in such conditions the Division will need to mechanically dredge the channel inlet as a matter of life and safety conditions. In such instances the Contractor will utilize a barge and extended long-reach excavator to remove the sand accumulation and place in an approved permitted nearshore or upland disposal area.

7. **SAFETY:**

All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

8. **PILE INSTALLATIONS:**

The Contractor may install specified pilings in the designated location of the channel ways situated throughout Collier County for navigational signage as required. The piles will be provided by the County consisting of either fiberglass grade materials or marine grade timber. The pilings shall be jetted at a minimal depth of embedment to support navigational aide and signage as required and provided by the county.

9. **PROCEDURES FOR DISTRIBUTION OF WORK:**

All awarded Contractors are expected to submit quotes for each Request of Quotation that will be issued under the resultant contract, for the duration of the contract. Repeatedly failing to submit a quote, when requested, may result in the removal of the awardee from the contract pool.

Procedures for projects with a value of up to \$1,000,000 are as follows:

1. Quotations shall be solicited from all the awarded Contractors. Completion time and the collection of liquidated damages may be specified in the request for quotation.
2. Contractor may respond with the quote within ten (10) business days. The County's Project Manager or designee will review all quotes received by the given due date and may negotiate with the Contractor who submits the lowest quote, if outside the budget.
3. Performance and Payment Bonds are applicable for projects over \$200,000.
4. Any project over \$500,000 must be presented to the Board of County Commissioners for approval.

10. **ON-CALL URGENT SERVICES:**

Urgent work shall be defined as any work that is not scheduled.

Urgent work will be completed on a rotating schedule with one (1) Contractor designated for a one (1) week period. Each awarded Contractor shall supply all County departments utilizing the resultant contract with a minimum of two (2) twenty-four (24) hour urgent contact phone numbers. All Contractors must participate in the urgent work rotation, which will be equally divided among the awarded Contractors. The annual schedule will be developed at a meeting with all awarded Contractors at the beginning of the contract term, and annually thereafter. The Contract Administrator or designee will manage and maintain rotation schedules on a basis that ensures a relatively even distribution of the work.

Urgent requests must be acknowledged and on site with a County designee within twenty-four (24) hours to evaluate the job, crews and equipment. Contractor must provide a Time and Materials Not to Exceed (T&M NTE) quote within 24 hours of the visit and also provide a schedule to complete required repairs. If maintenance

Invitation for Qualification (IFQ) # 21-7885 "Beach Maintenance Related Activities"

of traffic (MOT) is needed, the contractor shall have three (3) hours from the quote submittal to set up MOT. The County may require the Contractor to secure work area via a temporary repair. Should a Contractor fail to respond to an urgent call the next Contractor in rotation shall be contacted. Any failure to provide coverage by a Contractor, may be subject to termination.

Urgent services may be required after a hurricane or other natural disaster event. The County reserves the right to request services from contractors outside of the awarded contract, during a declared local state of emergency.

11. INVOICES:

All T&M NTE work assignments will utilize a fee schedule for labor/parts/equipment. Fee schedule rates, which are subject to additions or deletions, will be negotiated with the awarded Contractors and will be added to the contract for utilization. For all T&M NTE work, Contractor(s) shall be required to provide backup documentation of Contractor's time and proof of the subcontractor services and/or parts/materials/supplies/equipment by providing invoices and receipts at the time of invoice submission. Ancillary charges may be transferred to the County in the actual amount, mark-ups will not be allowed. Mark-ups will not be allowed on sales tax.

Awarded Contractors agree to the following, as it pertains to markups and labor rates on T&M NTE work:

1. The mark-up on rental equipment shall not exceed 10%.
2. The mark-up on materials shall not exceed 10%.
3. The mark-up on subcontractors shall not exceed 15%. A copy of the Subcontractor invoice must be provided.
4. The labor rates provided by the Contractor are to be fully burdened to include overhead, insurance, profit and use of company owned small tools and equipment.

12. RATE INCREASES:

The Contractor may request a rate increase annually (Three hundred sixty-five (365) calendar days from contract commencement month/day). Retroactive rate adjustments are not authorized.

1. Submit rate increase requests in writing via email to the Division Contract Administrator for consideration. Rate increase requests review and approval may take up to thirty (30) days to complete.
2. The Contractor shall provide supporting documentation justifying rate increases (examples: supplier material agreements, proof of fuel increases, etc.).
3. The Contract Administrator shall conduct a rate analysis to determine if rate increases are fair and reasonable.
4. During the review process, the Contractor shall continue to fill all purchase orders received at the current contract rates
5. The Procurement Director has the authority to approve or deny rate increases.
6. Rate increase requests are not guaranteed. If approved, the Contract Administrator or designee will notify the Contractor in writing with the effective date of any approved rate increases and in accordance Procurement Ordinance, as amended.

13. GRANT COMPLAINT:

The purchase of any goods and/or services that are funded through Federal Grant Appropriations, the State of Florida, or any other public or private foundations shall be subject to the compliance and reporting requirements of the granting agency.

The County reserves the right to waive any or all of these requirements if in the best interest of the County and to separately solicit any job. The County reserves the right to supply all necessary parts for selected projects and repairs.
