Subject: Compliance Assistance Offer
City of Marco Island NPDES Phase II Municipal Separate Storm Sewer System (MS4)
NPDES Permit ID Number: FLR04E151-001
Marco Island, Florida

Dear Jennifer Carpenter:

We wish to acknowledge receiving your March 9th, 2020 letter which offered the City of Marco Island assistance in resolving some non-compliance issues that resulted from the October 9th, 2019 Audit.

I can assure you that we are currently working to respond to all of the listed non-compliance issues and will definitely comply with your direction within the 30-day response period or less. It is the City's desire to adequately address the issues so that this matter can be successfully closed.

I wish to complement the two inspectors, Hector Rivera and James Mason, on the most professional and open way they conducted the audit. Compliance with their report will only help to make our MS4 permit and annual reporting techniques vastly improved. We have already been in contact with Mr. Rivera concerning our next phase permit.

In closing, my I offer a point of clarification. Dr. James Riviere is no longer employed by the City and therefore should be removed from any future mailing lists. Mr. Michael McNees is our current City Manager and should be added as a contact.

Thanks once again for the offer of assistance and we look forward to completing these tasks with the support of your office.

City of Marco Island

Sincerely,

A handwritten signature in blue ink that reads 'Timothy E. Pinter'. The signature is written in a cursive, flowing style.

Timothy E. Pinter, P.E.
Public Works Director
City of Marco Island, Florida
