

DISCLAIMER: CONTRACTOR: Great care and effort has gone into the design and completion of these construction drawings. However, Design Drafting of Naples Inc. has not been expected to provide site supervision or field inspection services and has no control over the construction materials, methods, or sequencing used by the builder. For these reasons as well as variations in local building codes, Design Drafting of Naples Inc. assumes no responsibility for any damages, including structural failures resulting from errors or omissions in these construction drawings. Work must be done in compliance with all state and local building codes. Contractor shall verify all dimensions prior to construction and ordering of materials and verify engineer or architect and designer of any discrepancies. Design Drafting of Naples Inc. assumes no liability for losses of the structure on the site. By use of these plans the contractor agrees to assume full responsibility and any cost for non-compliance of this paragraph.

DESIGNER DISCLAIMER: Client views and effect has gone into the design and completion of these construction drawings. However, Design Drafting of Naples Inc., has not been contracted to provide site supervision or field inspection services and has no control over the construction materials, methods, or sequencing used by the builder. For these reasons as well as variations in local building codes, Design Drafting of Naples Inc., assumes no responsibility for any drawings, including structural failures resulting from errors or omissions in these construction drawings. Work must be done in compliance with all state and local building codes. Contractor shall verify all dimensions prior to construction and ordering of materials and notify engineer or architect and designer of any discrepancies. Design Drafting of Naples Inc. assumes no liability for contents of the structure on the site. By use of these plans the contractor agrees to assume full responsibility and any cost for any omissions of this paragraph.
