**Subject:**

Ordinance - First Reading - Change to Section 30-1002 Regarding Setbacks of Pool and Screen Enclosures on Waterfront Lots - Daniel J. Smith, AICP, Director, Community Services

### **DESCRIPTION:**

This is a Planning Staff correction, correcting an error in the setback requirements for pools and screen enclosures. In 2018, the City Council approved Ordinance 18-09, changing the rear yard setbacks for pools and screen enclosures on waterfront and golf course lots from 10 feet to 15 feet. However, in 2019, the City Council approved Ordinance 19-07, unrelated to pool and screen enclosures, but included an older setback matrix that was incorrect. This incorrect matrix had the rear setbacks reverting to 10 feet. This Ordinance corrects the error.
